Ballet Productions Canada Society Presents Its World Premiere:

‘Cinderella’ by: Coastal City Ballet

New Full- Length Ballet Bringing the Timeless Fairytale Back to Life

VANCOUVER, BC – Coastal City Ballet performs the highlight of the 2014-2015 season: the world premiere of Cinderella on May 15th at Centennial Theatre in North Vancouver and May 30th at the Surrey Arts Centre. One of the most enduring and beloved tales in the world, Irene Schneider’s Cinderella will showcase the diverse talents of Coastal City Ballet. With hauntingly beautiful music by Sergei Prokofiev, this classical full-length ballet is brought to life by the technical finesse of the Coastal City Ballet dancers, beautiful costumes by Stefan Stanisic and the imaginative set created in Germany by Eberhard Matthies. Cinderella is the endearing story of a young girl who finds love and happiness through her acts of kindness. A “rags to riches” tale which will delight audiences with the beauty of classical ballet wrapped in the promise of “happily ever after”.

“I am excited to be working again with Coastal City Ballet to create “Cinderella,” says choreographer, Irene Schneider. “ I first met Li Yaming, Artistic Director for Coastal City Ballet, at the festival Do Danca in Brazil where he invited me to come to Canada and work for his company. In 2012, I came to Vancouver to create the ballet “Hansel and Gretel”. Right from the start I enjoyed the highly motivated dancers, the friendly atmosphere and the lovely city of Vancouver. A long friendship has kept me in touch with Li and in the following years I came to choreograph “A Midsummer Night’s Dream” and “Coppelia.” With great pleasure I look forward to returning to Vancouver this spring to work with Coastal City Ballet to create the fairytale ballet “Cinderella.”
